

LINE

FLEX F-KLT

resistent - sustainable - inteligent

Developed to facilitate your business.

TRANSPORT AND STORAGE OPTIMIZATION

Developed according to the VDA 4500 automotive standard, the FLEX F-KLT boxes are highly resistant and standardized. They were specially designed to solve the main transport and storage problems of autonomous and pharmaceutical industrial sectors.

Resistant to impact, oil and temperature variations. No metal parts in the composition.

HIGH RESISTANCE

Guarantee of high resistance and standardization. Developed according to the automotive VDA 4500 standard.

ATÓXICA

Ideal para transporte de produtos alimentícios.

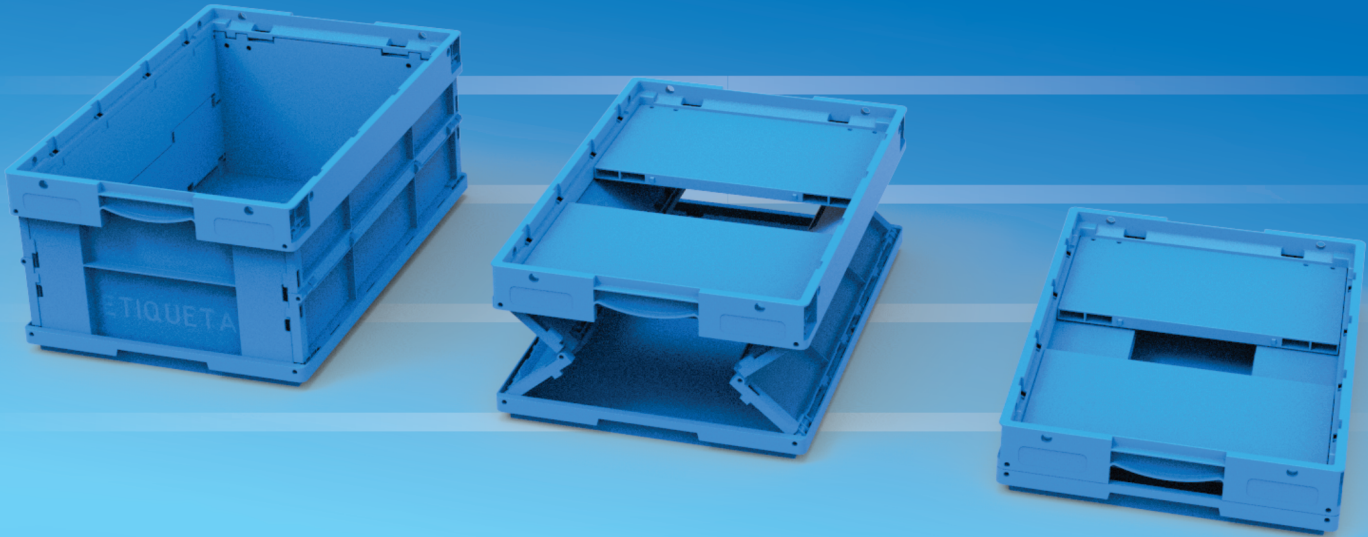

CONDUTIVA

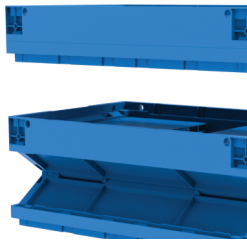

Ideal para transporte de produtos eletrônicos.

MORE VERSATILITY AND QUALITY

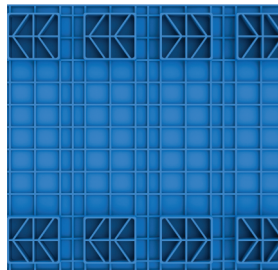

Recognized for its quality and practicality, the entire F-KLT product line also has versions in conductive material, non-toxic or resistant to impact, oil and temperature variations, according to your need and project.
